

MY FAVOURITE CORNER IN MELILLA

My favourite corner in Melilla is Agudú's beach, it's a little beach between the Orcas Coloradas' beach and Agudú's cliffs. I walk to the end of Orcas Coloradas' beach, then there is this place under Agudú's cliffs.

It's a little paradise, I like relaxing and I love swimming there. The sea water is very clear and there are a lot of kinds of fishes and crabs, so it's really beautiful to dive over there.

For me, it's the best beach in Melilla because there aren't many people and it's the most beautiful beach. You should go to there and enjoy this great corner in Melilla.
